

**APPLICATION FOR ADJUSTMENTS TO SEASONAL WATER STRUCTURES**  
(Available through your Shoreline Committee)

This application is requested by the Sylvan Beach Resort Company for changes in seasonal docks, lifts and moorings within our shoreline in order to satisfy regulations imposed by the Army Corps of Engineers, code requested by Fruitland Township and management of such by your association.

The Sylvan Beach Resort Company has a permit on file with the U.S. Army Corps of Engineers that includes a numbered layout of our seasonal structures, a copy of which may be reviewed at the Wabaningo Post Office. The Sylvan Beach Shoreline Committee and ultimately the Board of Directors must approve any changes to the location, configuration or additions of structures or moorings in the navigable waters. Any reduction in length or configuration of these structures into the navigable waters does not need approval.

**Please complete the following:**

**Person making application:** \_\_\_\_\_

**Contact phone or email:** \_\_\_\_\_

**This application requests an additional seasonal structure in the water.**  
**Check all that apply**

Docking \_\_\_\_\_, poles \_\_\_\_\_, lifts \_\_\_\_\_, moorings \_\_\_\_\_

**Dock # or proximity to dock #s. See chart in the Post Office:** \_\_\_\_\_

**This application requests a change in current structures:**

Dock # \_\_\_\_\_

In the space below or on the back, please submit a rough drawing for suggested change. If approved a drawing adequate for Army Corps of Engineers approval will be requested.

Please mail this application to Kayi Hummel, 431 Essex Rd. Kenilworth, IL. 60043  
P.O. Box 57, Wabaningo, MI 49463

Any permanent structure in the water or on the shoreline must have additional approval from the DNR.
